

Return to Sunday School!

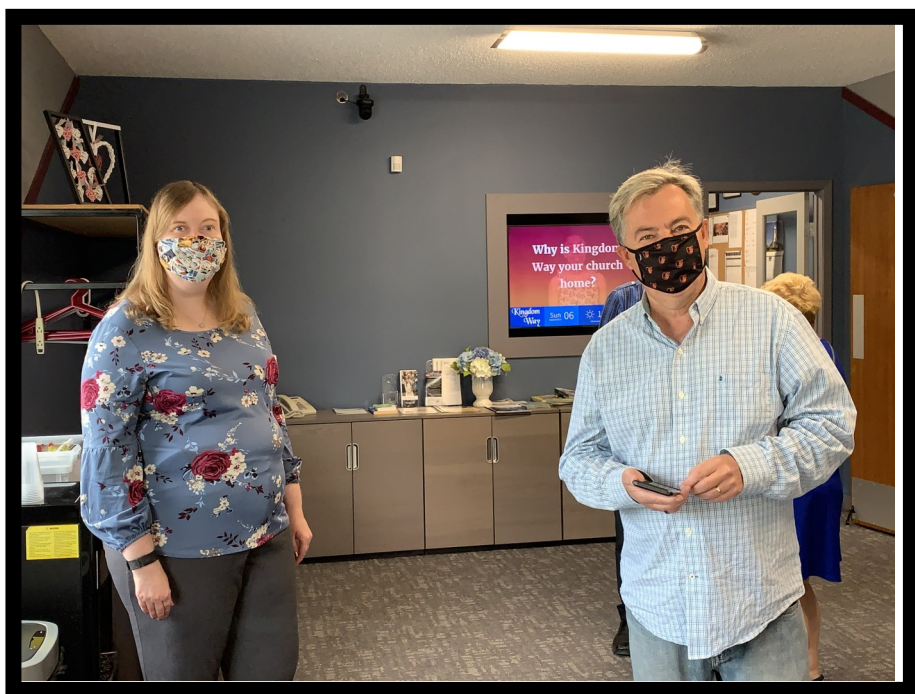

Coming soon...

September 20th!

Going to Sunday School is fun! We get to see our friends and learn about God. It has been a while since we have had Sunday School.

Going to Church will look a little different since Covid-19. When we get to Church, we will be greeted by people wearing

Inside the auditorium, the chairs are set up different than before. People are also wearing masks.

When I go to Church, I will sit with my family in our group of chairs and wear my mask until it is time for Sunday School.

When it is time for Sunday School, we will walk to class keeping distance between each student.

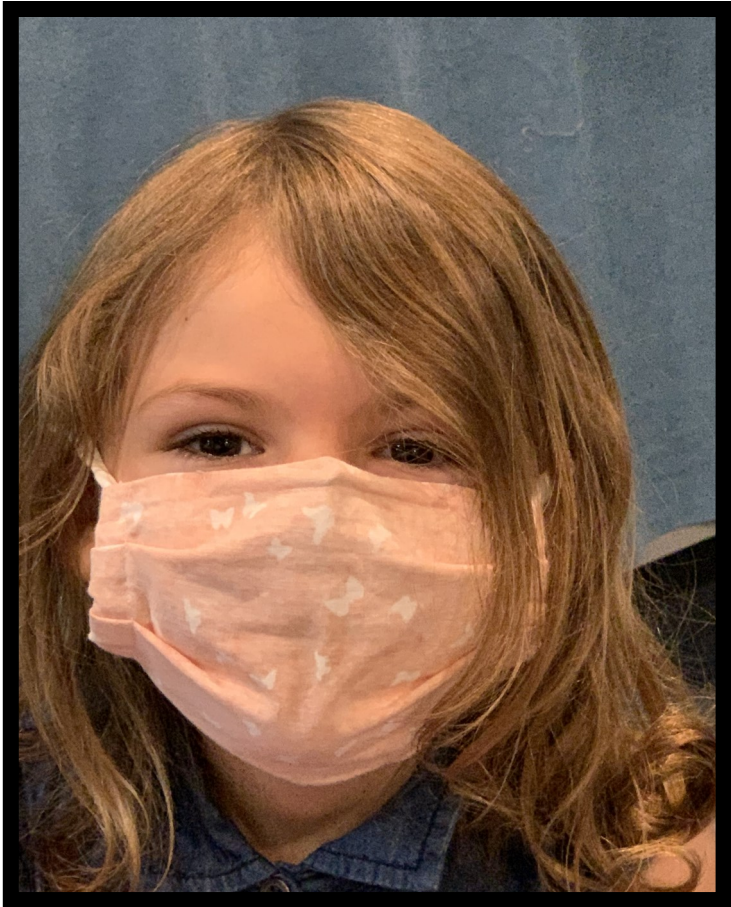

When I get to Sunday School, I will either wash with soap and water, or use hand sanitizer to make sure my hands are clean.

Once in class, I will sit on the square that the teacher tells me to sit on. This will help me to stay physically distant from my friends.

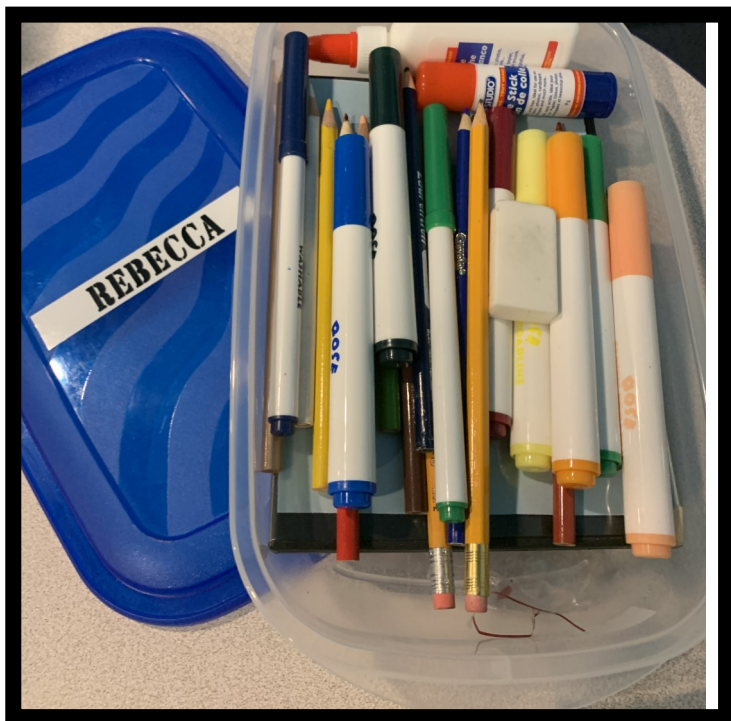

The teacher will be wearing a mask .

I will be wearing a mask too!!

We may do crafts at the table. When seated at the table, we will also have space between us.

I will have my own pencil case of
supplies to use!

Even though Sunday School will
look different, it will be fun to
see my friends again!

My teachers are also looking
forward to seeing me! They
have a special surprise to show
me.

Hope to see you all soon!
